Optional extras and Irish standard equipment may have an effect on the electrical consumption & Range figures. They are official figures obtained from tests under standardised EU test conditions. Information valid as of: 16.10.2024. Subject to change.

ROTR: Recommended on the road price is RRP including available government grants and incentives and delivery charges of €800 as recommended by CUPRA Ireland. For more details see www.cupraofficial.ie. Please note every effort has been made to ensure the contents of this publication (including RRP, electrical consumption and technical information) were accurate and up-to-date at the time of publishing (16.10.2024). CUPRA Ireland reserves the right to change specification, prices and withdraw products from sale without notice. Any such alternations will be notified to CUPRA Retailers at the earliest opportunity. Please consult your local CUPRA retailer for the latest product information.

GRANTS & INCENTIVES

GRANTS

VRT Rebate

VRT relief is available for battery electric vehicles. The VRT relief for Battery Electric vehicles is tapered by 50% for every €1 for vehicles with OMSP over €40,000, so that no amount of relief is available for BEVs with an OMSP value of over €50,000

SEAI Grant

From 1st July 2023 €3,500 available off the RRP for private use.

Home Charger Installation Grant

€300 rebate following installation and signoff by SafeElectric registered installer.

INCENTIVES

Accelerated Capital Allowance

Allows companies to deduct the full cost of such equipment from their taxable profits in the same year of purchase.
Note: It is subject to the same rules as the standard plant & machinery wear and tear allowance.

0% Benefit in Kind (BIK)

Battery Electric Vehicles used as company cars are exempt from BIK until the end of 2025. However, this is being tapered off from 2023.
Note: It is important to get advice from your accountant or tax adviser to ensure that you are eligible in advance

Free/ Reduced Parking

Some local authorities allow for free parking when charging.

	Metallic Paint	M	○	○	€734
	Premium Metallic Paint (Aurora Blue)	K	○	○	€912

● Standard ○ Optional - Not Available

*RRP From is based on the lowest available VRT rate for that model range, adding options to vehicles with higher VRT rates will cause options to increase in cost. Adding optional extras to vehicles can have an impact on the CO₂ & Fuel Consumption of the vehicle. This may in turn change the VRT payable on the vehicle and thus increase the Total Price. Please discuss the addition of options and their impact with your CUPRA Master within our CUPRA Network. Information & pricing subject to change without notice.

OPTIONAL EQUIPMENT

			BORN eBOOST	BORN VZ	RRP From*

The values mentioned are the result of the type approval of the selected model, in accordance with Regulation CE 2018/858. The available power (kW) & acceleration of the model depends on the state of charge of the battery and its temperature. The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning & heated seats, as well as your driving style. The indicated range has been calculated in compliance with the WLTP regulation which sets out standard test conditions applicable to all car manufacturers. This ensures that the values calculated in accordance with this regulation are comparable for all vehicles.
